Age and Weight Divisions

Age and Weight divisions are listed below. Please note that each Category is based solely on the year in which the contestant was born. The contestant's actual age on the day of competition is irrelevant. Contestants will not be permitted to enter a division they do not qualify to compete in according to age and weight, except that competitors that qualify for the Cadet divisions may also compete in the IJF Junior divisions. (Separate forms for all divisions are required.) Uncontested players may elect, with the approval of their coach/parent or guardian, to move up to the next heavier or older division to compete. (In this case they will not be eligible to receive a medal for their regular division.) In these circumstances, contestants who elect to participate in higher divisions will compete in accordance with the rules for those divisions. All Weights listed below are in kilograms. For each weight division, the weight range will be over the next lower weight and up to and including the weight listed.

Example: Bantam 1, 28 kg – over 23 kg and up to and including 28 kg.
